

Live Oak

THE MOSQUITO

At Birch State Park

This Week at Camp:

It's shark week everyone! This week campers learned all about sharks and other amazing creatures that roam our oceans. Science activities included making home-made lava lamps, shark cardboard cutouts, and even a starfish dissection! In addition, we made our famous CLO Silk screening t-shirt prints and made an underwater creatures of the sea hanging mobile. Highlights of the week included visiting Miami's brand new Frost Science Museum for campers 5-8 and taking a trip to John Pennekamp National Park to snorkel with our campers 9-16. It was quite the exciting week! Join us next week for our theme of "March of the Marine Mammals" as we take a look at aquatic mammal friends.
