## This Week at Camp:

Welcome to week five at Camp Live Oak! This week our theme was “Habitat, Habitat, have to have a Habitat!” where we learned why different animals are always on the hunt for a habitat. We saw how animals’ food webs change from small changes and even prowled like panthers to discover our own habitats. In addition we made plaster casts of our favorite Florida predators! Highlights of the week include visiting the Palm Beach Zoo and seeing all sorts of amazing animals! Also, we had a special art presentation as campers got to experience a mini theater camp! Join us next week for our theme “Look sharp and listen... Birds of Prey” as we explore birds on the hunt. Hope to see you there!

## Highlights:

- Palm Beach Zoo!
- Art Presentation!
- Plaster casts!
