

Live Oak

THE MOSQUITO

At Birch State Park

This Week at Camp:

This week was an exciting week at Camp Live Oak! In our week themed “March of the Marine Mammals”, campers discovered how our favorite aquatic mammals live each day. We investigated how manatees feed off of seagrass by making our own fizzy fun snacks. In addition, we looked at how our dolphin friends work in teams and collaborate together to get their big catch. In addition, campers created their own dolphin cast and decorated it with sea shells and other natural materials. Highlights of the week included a fantastic field day event where campers participated in friendly, heart pumping competition! Campers really got the chance to work together and have a blast while doing it! Join us next week for our week themed “Legend of the Cypress Bandits” and explore the mischievous lives of foxes, otters, and marsh rabbits. Hope to see you there!
