

Live Oak

THE MOSQUITO

At Mizell-Johnson State Park

This Week at Camp:

We had an exciting week here at Camp Live Oak! Campers learned all about different corals and creatures of the seas in our week themed "Ocean Quest, Simple Stingers of the Sea." Jellyfish, man o' war, and starfish were a few of the sea creatures we investigated and we even conducted a starfish dissection! In addition, campers made some amazing creations including a two dimensional, glow-in-the-dark coral reef pop up card and our famous CLO silk screening T-Shirt prints! Highlights of the week including visiting Miami's brand new Frost Science Museum for ages 5-8 and snorkeling at John Pennekamp National Park for campers aged 9-16. It was an action packed week for sure! Join us next week as we investigate sharks, rays, and skates for our theme, "It's Electric! Shark Week".
